### DETAILED ACTION

1. This Office action is in response to Applicant's request for Pre-Appeal conference filed July 14, 2005 and the decision made during the Pre-Appeal conference meeting on September 05, 2005.

#### *Claim Rejections - 35 USC § 112*

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 26-32 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

The specifications fails to disclose how the combination alarm and locator system 10 is implemented so that it can possibly determine its location and transmit a location signal to a plurality of satellites for determining the location of the device.

*Allowable Subject Matter*

4. Claims 26-32 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

*Conclusion*

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
